A013188

Inactive type Permit has no description information.

EXPIRES LAST DAY OF: MARCH 2024

OWNER OF OPERATOR (Co. #2261)

Clark Pacific Precast, LLC
9367 Holly Rd.
Adelanto, CA 92301

EQUIPMENT LOCATION (Fac. #3628)

Clark Pacific Adelanto Precast Plant
9367 Holly Rd.
Adelanto, CA 92301

Description:

PORTABLE ABRASIVE BLASTING UNIT #1 consisting of: Everblast Model WJ-7 7/16" I.D. water injection nozzles, Schmidt Lagrange 187, wet/dry blaster, SN 2439-2974. This unit is powered either by a portable air compressor (49 bhp) OR plant air, producing a nozzle pressure of 100 PSIG. The abrasive blasting operation consists of 80% wet/20% dry abrasive blasting (final finish) of concrete panels.

CONDITIONS:

1. This equipment shall be installed, operated and maintained in strict accord with those recommendations of the manufacturer/supplier and/or sound engineering principles which produce the minimum emissions of contaminants.
[District Rule 204]
2. Operation of this equipment shall be conducted in compliance with data and specifications submitted with the application under which this permit is issued unless otherwise noted below.
[District Rule 204]
3. Abrasive blasting operations shall only use wet abrasive blasting or abrasives CARB certified for permissible dry outdoor blasting.
[District Rule 1302; 17 CCR 92000]

Fee Schedule: 7 (e)

Rating: 1 device

SIC: 3272

SCC: 30900202

Location/UTM(Km): 459E/3826N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.

4.The owner/operator shall maintain a log which contains at a minimum the following information. The log shall be maintained current, on-site for a minimum of two years and provided to District, State or Federal personnel on request.

- a. Type of abrasive blast material used, including whether the abrasive blast media is wet or dry;
- b. Date and duration (in hours) of use (summarized annually) or monthly total of blast media consumed (summarized annually); and
- c. Percent of total operating time wet blasting is conducted at this facility;

[District Rule 1302; 17 CCR 92000]

5.This facility shall comply with District Rules 401, 402, and 403, which corresponds to Visible Emissions, Nuisance, and Fugitive Dust, respectively.

6.All abrasive blasting operations conducted at this facility shall comply with Title 17 California Code of Regulations sections 92000-92530.

7.Open outdoor abrasive blasting shall not discharge into the atmosphere visible emission that exhibits greater than forty (40) percent opacity.

[17 CCR 92200 - supersedes Rule 401]

8.Units A013188, A013193, and A013414 shall not operate more than a combined total of 5400 hours per year or consume more than 2444 tons per year of abrasive blast media.

[District Rule 1302(C)(2)(a)]

9.Wet abrasive blasting operations shall account for at least 80% of all abrasive blasting operations at this facility.

[District Rule 1302; 17 CCR 92520]

10.The owner/operator shall take all reasonable measures to control dust and prevent the release of particulate matter from abrasive blasting operations These include but are not limited to the following;

- a. Daily cleanup of the abrasive blast area; and
- b. During high wind events which cause dust to become released, the owner/operator must stop blasting until conditions improve or the owner/operator apply's enough additional control measures to prevent a release.

[District Rule 1302]

11.A facility wide Comprehensive Emission Inventory (CEI) for all emitted criteria and toxic air pollutants must be submitted to the District, in a format approved by the District, upon District request.

[District Rule 107(b), H&S Code 39607 & 44341-44342, and 40 CFR 51, Subpart A]
