INACTIVE

A012348

Inactive type Permit has no description information.

EXPIRES LAST DAY OF: SEPTEMBER 2017

OWNER OF OPERATOR (Co.#2228)

W.S. Bunch Co.
82090 First Street
Trona, CA 93592

EQUIPMENT LOCATION (Fac.#3590)

W.S. Bunch
82090 First Street
Trona, CA 93592

Description:

ABRASIVE BLASTER, PORTABLE consisting of: A homemade abrasive blaster, equipped with four (4) blasting nozzles with a maximum inside diameter of 7/16 inches at a maximum pressure of 1250 PSIG delivered at a maximum rate of 1600 cfm at a maximum flow rate of 1000 pounds per hour.

CONDITIONS:

1. This equipment shall be installed, operated and maintained in strict accord with those recommendations of the manufacturer/supplier and/or sound engineering principles in a manner consistent with good air pollution control practice for minimizing emissions. Unless otherwise noted, this equipment shall also be operated in accordance with all data and specifications submitted with the application for this permit.

[District Rule 1302 (C)(2)(a)]

2. This abrasive blasting equipment must be operated such that no visible emissions from the equipment result in an opacity greater than 20 percent on the Ringelmann Chart for a period or periods aggregating more than three (3) minutes in any one hour.

[District Rule 401(a) and Title 17 CCR 92200(a)and(b)]

3. This abrasive blasting equipment must be operated such that no visible fugitive dust is visible in the atmosphere beyond the property line of this facility.

[District Rule 403(a)]

Fee Schedule: 7 (e)

Rating: 1 device

SIC: 1474

SCC: 30900299

Location/UTM(Km):
457E/3956N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.

Eldon Heaston
Air Pollution Control Officer

4. This abrasive blasting equipment shall only be used without containment controlled by an air pollution control device (open blasting) when one or more of the following conditions are met:

- (a) Steel or iron shot/grit is used exclusively;
- (b) The item to be blasted exceeds eight (8) feet in any dimension; or
- (c) The surface being blasted is situated at its permanent location or no further away from its permanent location than is necessary to allow the surface to be blasted.

[Title 17 CCR 92500(b)]

5. When this abrasive blasting equipment is used for open blasting it must use, exclusively, abrasives certified for permissible dry outdoor blasting by the California Air Resources Board (CARB) pursuant to Title 17 CCR 92530.

[Title 17 CCR 92500(c)(4)]

6. This abrasive blasting equipment shall be used within a containment controlled by an air pollution control device with a control efficiency of at least 99% whenever open blasting/outdoor blasting is not possible or permitted by condition 4.

[District Rule 1303(A)]

The Air pollution control device used to control contained blasting operations must have a valid District permit or be registered with California's Portable Equipment Registration Program (PERP).

[District Rule 201]

7. An operations log for this equipment shall be maintained on-site for at least five (5) years and made available to Federal, State, and/or District personnel upon request. This log shall contain, at a minimum:

- (a) Date, location, and hours of each equipment use;
- (b) Type and throughput of abrasive used, including proof of CARB certification for abrasives used in open blasting;
- (c) Description of the blasting project, indicating the presence of toxic materials; and,
- (d) Record of the use of an enclosure, if required, and the permit number of the associated air pollution control device.

8. If the compressor used to supply air to this equipment is powered by an internal combustion engine greater than, or equal to, 50 brake-horsepower, the engine must have a valid District permit or a Statewide Portable Equipment Registration Program (PERP) registration.

[District Rule 201 and 219]

9. This equipment is a possible source of hazardous emissions and shall not be operated and/or located within 1,000 feet of a public or private school (kindergarten through 12th grade) of more than 12 students for more than 30 consecutive days without completing the notification required by California Health and Safety Code, Section 42301.6. The District must be notified immediately if this equipment is to operate, or be located, within 1,000 feet of a public school.

[District Rule 1302 and H&S Code 42301.6]

10. A facility wide Comprehensive Emission Inventory Report (CEIR) for all emitted criteria and toxic air pollutants must be submitted to the District, in a format approved by the District, upon District request.

[District Rule 107(b), Health & Safety Code 39607 & 44341-44342, and 40 CFR 51, Subpart A]
