**Eldon Heaston**  
Air Pollution Control Officer

1. This equipment must not be operated unless it is vented to operating air pollution control equipment covered by valid District permits C001705 (44-006), and C004512 (44-010).
  
2. The owner/operator, (o/o), shall comply with all District Rules and Regulations including, but not limited to, malfunction/breakdown notifications.
  
3. The o/o shall have a continuing program of maintenance/inspections in accord with manufacturer's recommendations and specifications which ensures compliance with District rules.
  
4. The o/o shall maintain a log of all inspections, repairs, and maintenance on this equipment. The log shall be kept current, on-site for a minimum of 2 years and provided to District personnel on request.
  
5. Materials handled must contain sufficient material and/or added moisture to prevent excessive dusting. Dust must not exceed 20% opacity for periods totaling more than three minutes in one hour and not cause a nuisance to the public or any considerable number of persons.
