Description:

CRUSHNG & SCREENING consisting of: at AREA "R" COMPLEX, a Cone crusher by Lippman, model T36-514, serial number 880453. This circuit also has conveyor belts, water spray equipment, shakers, and screens in addition to the necessary electrical, valving, piping, controls etc for proper operation. This circuit is powered by an ICE, which is rated at 231 bhp and drives a generator under valid District permit B004495.

CONDITIONS:

1. Operation of this equipment shall be in strict compliance with all the information submitted with the application for which this permit has been issued, unless specifically exempted hereunder.
2. This equipment shall not be operated more than 900 hours per calendar year. The owner/operator, o/o, shall limit the throughput of the crusher circuit to 75 ton/h and shall install a device which measures this throughput if one has not been installed. An alternate method of estimating the throughput to the crusher will be considered by the District.
3. The o/o shall maintain a log of the hours of operation and throughput to the crusher hopper in ton/h. This log shall be maintained current, on-site for a minimum of 2 years and provided to District personnel on request.
4. Materials processed by equipment delineated above shall contain sufficient and/or added moisture to ensure compliance with District rules 401 and 403. Sufficient water and equipment in operable condition shall be maintained on-site and used as necessary to ensure compliance with these rules. Included shall be open pit material loading by front end loaders, transport by truck from stock piles or open pit mine to the crusher and truck dumping into the crusher and/or storage areas. Fugitive dust control for all operations shall be routine,

Fee Schedule: 1 (b)

Rating: 169.5 bhp

SIC: 9711

SCC: 99999999

Location/UTM(Km):
450E/3946N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.
