Air Pollution Control Officer

Capacity	Equipment Description
5	Water pump, 5 hp.
0	S-3 Cement silo, 85 ton, w/ filter vent
20	A-3 Cement Auger, 20 hp.

CONDITIONS:

1.The owner/operator, o/o, shall operate all the equipment delineated above in strict accord with the recommendations of the manufacturer/supplier and/or sound engineering principles, which produce the minimum of emissions.

2.The o/o shall maintain a log of the hours of operation and production of concrete in ton/h. This log shall be maintained at either the facility or corporate office for at two (2) years and available to District, State, or Federal personnel upon request.

3.Materials processed by equipment delineated above shall contain sufficient and/or added moisture to ensure compliance with District rules 401 and 403. Sufficient water and equipment in operable condition shall be maintained on-site and used as necessary to ensure compliance with these rules.
