Air Pollution Control Officer

- 1.The owner/operator, o/o, shall install, operate and maintain this equipment in strict accord with the recommendations of the manufacturer/supplier.
- 2.The o/o shall notify the District within 10 days of moving this equipment to a new location in the District.
- 3.The o/o shall maintain a daily operations log which shall include at a minimum the total monthly hours operated, rolling 12 month summary of hours operated, and rolling 12 month total of products produced. This log shall be kept current, on-site and provided to District personnel on request.
- 4.Sufficient natural and/or added water shall be maintained in the materials added to the hopper in the description above to preclude violations of District Rules 401, 402 and 403. Adequate supplies of water and the necessary equipment to add it to the material entering the hopper shall be maintained on-site and used as necessary. This condition also applies to haul roads and other roads iat the facility where this equipment is used.
- 5.This facility shall only be powered by line power and/or a State of California or District permitted portable Genset.
- 6.This portable equipment shall not be operated closer than 1000 feet from the outer boundary of the nearest school (K-12).
- 7.Total annual (12 month rolling sum) hours of operation for this system shall not exceed 2250.
