Victorville, CA 92392

**Description:**

DUST COLLECTOR consisting of: Downflo Oval 1, Model DFO 3-18, with 18 - 190 sq. ft. Ultra-Web cartridge filters, 3420 sq. ft. total area, direct drive Torit fan, 10,500 cfm @ 10" water guage, with 30 hp motor.

**CONDITIONS:**

1. The owner/operator (o/o) shall operate/maintain this equipment in strict accord with recommendations of the manufacturer and/or sound engineering practices.
2. This dust collector shall be operated concurrent with the Abrasive Blast Booth operating under valid District permit A008837.
3. The o/o shall have a continuing program of maintenance/inspections in accord with manufacturer's recommendations and specifications. This program shall include regular visible emissions observations, inspections of all associated equipment including the filters and their retaining system, and filter pressure differential measurements.
4. The o/o shall log all applicable items referenced in condition 3. The log shall also include filter replacements, repairs, and non-scheduled maintenance information. This log shall be maintained current, on-site for a minimum of five (5) years and provided to District, state or federal personnel on request.
5. The o/o shall maintain an inventory of replacement filters on-site at all times to help ensure compliance with applicable Rules of District Regulation IV.

Fee Schedule: 7 (h)

Rating: 1 device

SIC: 3211

SCC: 9999999

Location/UTM(Km):  
473E/3820N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.
