Description:
PAVEMENT LINE STRIPING SYSTEM, PORTABLE consisting of: A two-color Line Lazer V-250DC pavement striping system manufactured by Graco, Inc. Unit is powered by an exempt 13 bhp Honda engine and is capable of holding up to 240 lbs of beads and up to 30 gallons of paint. Maximum paint application rate is 2.5 gpm at 3300 psi.

CONDITIONS:

1. This pavement striping system shall be installed, operated and maintained in strict accordance with those recommendations of the manufacturer/supplier and/or sound engineering principles which produce the minimum emissions of air contaminants. Unless otherwise noted, this equipment shall also be operated in accordance with all data and specifications submitted with the application for this permit. [District Rule 204]

2. All coatings and solvents used by this system shall comply with District Rule 1113 - Architectural Coating Operations. No traffic marking coatings shall exceed a VOC content of 100 grams per liter, as applied.
[District Rule 1113]

3. This system shall not be used for more than 12 hours in any 24 hour period.
[District Rules 1303 and 1320]

Fee Schedule: 7 (c) | Rating: 1 device | SIC: 7349 | SCC: 99999999 | Location/UTM(Km): 511E/3861N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.

UNOFFICIAL

4. No photochemically reactive compounds shall be used by this system, including the coating as purchased and any solvents which may be used as a diluent, thinner, reducer or cleaner.
[District Rule 1113]

5. The o/o shall maintain a daily log which includes, as a minimum, the following:
a. Quantity and description of all VOC containing materials used; and
b. Total hours operated.

The o/o shall keep the log current, on-site for a minimum of two (2) years and provide it to District personnel on request.
[District Rule 204]
