Air Pollution Control Officer

2.The owner/operator shall only store F-24 fuel in these tanks. District approval is required prior to changing the type of product to be stored.

[District Rule 1302]

3.The owner/operator shall maintain an operator's log for each tank, which at a minimum contains the following. Logs must be maintained for at least 2 years and be made available to the District upon request;

- a. Annual throughput, amount received and dispensed,
- b. True vapor pressure of the liquid stored, and
- c. Inspection, repairs and maintenance on equipment.

[District Rule 1302]

4.This equipment shall be maintained and operated in accordance with manufacturer/supplier recommendations and/or sound engineering principles.

[District Rule 1302]

5.This facility shall comply with District Rule 222-Limitations on Potential to Emit. Compliance with this rule will be demonstrated to the District on an annual basis through the submission of an approved Comprehensive Emission Inventory Report (CEIR). A copy of the most recent CEIR shall be maintained on-site and presented to District personnel upon request.

[District Rule 222]
