By: **COPY**
Eldon Heaston
Air Pollution Control Officer

CONDITIONS:

1. This equipment shall not be operated unless vented to properly functioning controls under valid District permits, all of which pick up particulate matter from the sources described above.
2. This equipment shall be operated and maintained in strict accord with the recommendations of the manufacturer/supplier and/or sound engineering principles consistent with minimum emission of contaminants.
3. Trucks and railcars shall not be unloaded unless the doors and/or curtains, at both ends of the Enclosed Receiving Structure are closed/in place.
