Description:
VENTURI SCRUBBER consisting of: Collects nuisance dusts from the Pyrobor Crushing Plant and Hammer Mill and consists of the following:

EQUIPMENT

Capacity	Equipment Description
0	Venturi scrubber
40	Exhaust fan motor
10	Scrubber liquid pump

CONDITIONS:

1. This scrubber shall be operated concurrently with Screening/Crushing Plant valid District permit B002486.

2. The owner/operator (o/o) shall have a continuing program of maintenance/inspections in accord with manufacturer's recommendations and specifications which ensures compliance with District Rules and Regulations including, but not be limited to, malfunction/breakdown notifications. This program shall include, but not be limited to, regular opacity readings, pressure differential measurements, and maintenance inspections. Logging of these data shall be required with the log kept on-site for a minimum of two (2) years. This log shall be provided to District personnel on request.

Fee Schedule: 7 (h) | Rating: 1 device | SIC: 1474 | SCC: 99999999 | Location/UTM(Km): 464E/3951N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.

UNOFFICIAL

3. The o/o shall conduct compliance tests relative to District Rules 404 and 405. Testing shall be every three (3) years starting in 1994 and the test results submitted to the District not later than six (6) weeks prior to the expiration date of this permit in those years applicable. This unit need not be tested if it is not operating. If this inoperation testing waiver is employed by the o/o, the unit shall be tested within 60 days of commencement of re-operation.

4. The operating instructions shall be immediately available for use by the operator and provided to District personnel upon request.
