Brad Poiriez
Air Pollution Control Officer

1.The owner/operator (o/o) shall comply with the dust control plan application submitted in response to Rule 403, as approved by the Air Pollution Control Officer (APCO) and incorporated into this Dust Control Plan (DCP) by reference, including those specific elements regarding watering for perimeter fencing, short-term stabilization, and high wind condition actions.

[Rule 403(C)(9) and (D)(1)]

2.The o/o shall install and maintain signage in accordance with Rule 403 Attachment B and as approved by the Air Pollution Control Officer (APCO).

[Rule 403(D)(3)]

3.This DCP indicates that the dust control plan application submitted in response to Rule 403 has been conditionally approved by the APCO. Full approval of this DCP is contingent upon satisfying an initial on-site inspection by MDAQMD staff. This DCP remains valid until closure of the project, unless disapproved by the APCO or not recertified in accordance with Rules 302 and 403.

[Rules 302(J)(6) and 403(D)(5)]

4.The o/o must notify the Mojave Desert Air Quality Management District (District) within ten days if a significant change occurs to the project or operations covered by this DCP (by mail, facsimile or email to DCP@mdaqmd.ca.gov). An appropriately modified dust control plan application must be submitted to the District within thirty days of the change.

[Rule 403(D)(8)]

5.The o/o shall recertify this DCP annually through response to the renewal invoice and Rule 302.

[Rules 302(J)(6) and 403(D)(9)]

6.The o/o shall pay submittal, resubmittal/recertification, site inspection, and site stability inspection fees as specified in Rule 302, Rule 403 and as specified above, or this DCP shall be deemed disapproved by the APCO.

[Rule 403(D)(11)]

7.The o/o shall maintain a copy of the dust control plan application, and records demonstrating compliance with the requirements of this DCP and Rule 403. Compliance demonstration records are required only for those days that a control measure was implemented. Records shall be maintained for at least two years (or through the closure of the project), and shall be provided to District personnel upon request.

[Rule 403(F)(1)]

8.The o/o shall not cause or allow the emissions of fugitive dust from any transport, handling, construction or storage activity so that the fugitive dust is visible in the atmosphere beyond the property line of the emissions source.

[Rule 403(C)(1)]

9.The o/o shall take every reasonable precaution to minimize fugitive dust emissions from wrecking, excavation, grading, clearing of land, and solid waste disposal operations.

[Rule 403(C)(2)]
