Brad Poiriez
Executive Director

1. This equipment shall not be operated unless it is vented to the functioning air pollution control equipment covered by valid District permit C002124.

2. All outside conveyor systems shall be fully covered. Watersprays shall be provided at the transfer point between the No. 2 collector conveyor and the C-12 conveyor and on the telescopic chute, or at the feed end of the #1 collector conveyor from the coal train receiving hopper. Use of these sprays is not mandatory unless necessary to control dusting for compliance with District rules 401 and 403.

3. Water spray systems in the receiving hoppers shall be operating when coal is being unloaded.

4. No more than one unit train supplying solid fuel to SVM (or successor) facilities shall operate in the Mojave Desert Air Basin (MDAB) during any one calendar day. For purposes of determining compliance with this requirement, Searles Station shall serve as the entry point into the MDAB. The fuel unit trains shall not be considered operating in the MDAB if the trains are kept in Trona for maintenance, repairs, or for storage.

5. A log shall be maintained by SVM (or successor) of fuel unit train operations in the MDAB which shall include but not be limited to:
 - A. Time and date when a full unit train is picked-up by the Trona Railroad at Searles Station.
 - B. Time and date when an empty unit train is dropped-off by the Trona Railroad at Searles Station.
 - C. Time, dates, and circumstances relative to unit trains which are kept in Trona for maintenance, repairs, or storage.This information shall be maintained on-site for a minimum of two years and be provided to District personnel on request.

6. Should more than one fuel unit train operate in the MDAB during a given day, SVM (or successor) shall notify the District within 24 hours of the time the second train enters the air basin.

7. All equipment shall be maintained and operated at all times in strict accord with recommendations of the manufacturer/supplier and/or sound engineering principles.
