0	#4 17,340 cu ft 129,721 gal

CONDITIONS:

1. The owner/operator shall operate and maintain this equipment in strict accord with those recommendations of the manufacturer/supplier and/or sound engineering practices.
[District Rule 204]

2. The owner/operator shall operate the equipment in this process concurrently with the scrubber and screen plant baghouse (District permits C000354 and C004431, respectively).
[District Rule 204]

3. The owner/operator shall comply with all rules and regulations of the District, including, but not limited to, malfunctions/breakdowns.
[District Rule 431]

4. The owner/operator shall not produce more than 140,000 tons per year of product using this equipment, and shall log annual production amounts (in tons) to demonstrate compliance with this condition. This log shall be maintained current and onsite for five (5) years and shall be made available to District, state or federal personnel upon request.
[District Rule 204]
