5. The o/o shall notify the District in writing within 10 working days of each of the following:

- a. Placement of any equipment at this site
- b. Start-up of equipment for shake down purposes, and
- c. Start-up of equipment for production of asphalt for sale.

6. This equipment shall not operate unless vented to properly functioning baghouse under valid District permit C005035.

7. Note: Within 180 days of 5 above, the o/o shall conduct compliance emission tests on permitted equipment described in District Permits B004006 and B005036. These tests are necessary to demonstrate compliance with District Rule 1160. Testing shall follow all administrative and technical procedures outlined in the District Compliance Test Procedural Manual.
