Brad Poiriez
Air Pollution Control Officer

CONDITIONS:

1.The owner/operator, o/o, shall operate all the equipment delineated above in strict accord with the recommendations of the manufacturer/supplier and/or sound engineering principles, which produce the minimum of emissions.

2.The o/o shall maintain a log of the hours of operation and production of aggregate in ton/h. This log shall be maintained current, on-site for a minimum of 2 years and provided to District personnel on request.

3.Materials processed by equipment delineated above shall contain sufficient and/or added moisture to ensure compliance with District rules 401 and 403. Sufficient water and equipment in operable condition shall be maintained on-site and used as necessary to ensure compliance with these rules.
