Description:

DRY CLEANER, DF-2000 consisting of: Multimatic Corp model MS 40, closed-loop with 40 pound load capacity using Exxon DF-2000, a Hydrocarbon

CONDITIONS:

1. Change of type solvent from Exxon DF-2000 shall not be made without written approval from the District.
2. Refrigerated condensers shall be operated to ensure that exhaust gases are recirculated until the air-vapor stream temperature on the outlet side of the refrigerated condenser, downstream of any bypass, is less than or equal to 45 degrees F. (7.2 degrees C).
3. Records shall be kept on approved District forms. The forms are: "POUNDS OF CLOTHES/LOAD" and "ANNUAL REPORT". Exxon DF-2000 purchase tickets, or copy, shall be kept onsite for 2 years.
4. The dry cleaning machine must be a closed loop (dry to dry).
5. All leaks are to be reported on a Weekly Leak Inspection Checklist. Any liquid leak or vapor leak shall be repaired within 24 hours of detection. If a leak cannot be repaired within 48 hours the owner/operator shall notify the District by telephone or by fax.

Fee Schedule: 7 (a)

Rating: 1 device

SIC: 7216

SCC: 40100198

Location/UTM(Km): 473E/3956N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.

Air Pollution Control Officer

6.Solvent and solvent waste will, at all times, be handled in a manner to preclude or minimize emissions of hydrocarbons into the air. Waste solvent/sludge will be maintained in sealed container until proper disposal is made. Contact San Bernardino County Fire Department Hazardous Materials Division, (909) 387-8925, for further information pertaining to waste solvent/sludge disposal.

7.This facility shall purchase no more than 30 gallons of Exxon DF-2000 per any 12-month period.
