Apple Valley, CA 92307

Description:

WET SCRUBBER consisting of: Hypochlorite charged Davis Simplex scrubber, designed to handle 500 cu ft/min continuously. This unit has been selected as odor control and consists of the scrubbing tower and its packing, a sump and chemical feed pump. There are ancillary pieces of equipment such as, but not limited to, wiring, piping, electrical, valving and instrumentation.

CONDITIONS:

1. The owner/operator (o/o) shall install, operate and maintain this scrubber in strict accord with those recommendations of the manufacturer/supplier. The application submittal for this scrubber is incorporated in its entirety into this permit and are specific limitations on its operation unless exempted hereunder.
2. The o/o shall operate this equipment as continuously as practicable, without having a backup unit.
3. The o/o shall log the mass of hypochlorite charged into the unit, the date of said charging, and all periods of non-operation, inclusive of their duration to the nearest quarter-hour. This log shall be maintained current, on-site for a minimum of two (2) years and provided to MDAQMD personnel on request.
4. The o/o shall maintain a supply of hypochlorite on-site which ensures continuous operation of this equipment.

Fee Schedule: 7 (h)

Rating: 1 device
