INACTIVE

T004611

Inactive type Permit has no description information.

EXPIRES LAST DAY OF: NOVEMBER 2023

OWNER OF OPERATOR (Co.#54)

Ducommun AeroStructures
4001 El Mirage Road
Adelanto, CA 92301

EQUIPMENT LOCATION (Fac.#246)

Ducommun AeroStructures
4001 El Mirage Road
Adelanto, CA 92301

Description:

STORAGE TANKS (EMERGENCY USE) consisting of: Up to 4 Steel Tanks, which are contained in concrete berms. These tanks are used for the emergency storing of aqueous solutions of sodium hydroxide and may contain amines. During pumping of those solutions from process tanks to these emergency tanks, some emissions to the atmosphere may occur. When the solutions are pumped from these emergency tanks back to the process tanks, emissions are collected by the devices installed for this purpose. Each tank is 22,500 gallons and therefore the fee is based on the total 90,000 gallons.

CONDITIONS:

1. These tanks shall be used for emergency storing of process aqueous sodium hydroxide solutions. These periods of storing the solutions are emergencies, which occur infrequently, when normal process operations must be curtailed. The solutions are stored to allow the normal process tanks and their ancillary equipment to be inspected and/or repaired/maintained.
2. These solutions may contain amines.
3. When these tanks are being used, they shall be clearly marked relative to their contents for the duration of their use.
4. The tanks shall be operated and maintained in strict accord with the recommendations of the manufacturer/supplier and/o sound engineering principles which produce the minimum emissions of contaminants.
5. Emissions from this facility shall be less than the following limits:
 - a. 15 tons of PM10 calculated on a 12 month rolling sum
 - b. 25 tons of NOx calculated on a 12 month rolling sum

Fee Schedule: 5 (b)

Rating: 90000 gallons

SIC: 3479

SCC: 99999999

Location/UTM(Km): 447E/3829N

This permit does not authorize the emission of air contaminants in excess of those allowed by law, including Division 26 of the Health and Safety Code of the State of California and the Rules and Regulations of the District. This permit cannot be construed as permission to violate existing laws, ordinances, statutes or regulations of this or other governmental agencies. This permit must be renewed by the expiration date above. If billing for renewal fee required by Rule 301(c) is not received by expiration date above, please contact the District.

Air Pollution Control Officer

c. 25 tons of VOC calculated on a 12 month rolling sum

Compliance with this limit shall be verified with monthly facility emission summaries and an annual emissions inventory. Monthly emissions summaries shall be calculated using a District-approved method, with at least the last two years of monthly emissions summaries maintained and available to be provided to District, State or Federal personnel upon request. 12 month rolling sum summary shall be submitted to the District and to USEPA postmarked no later than July 30 of each year. The 12 month rolling sum summary will consist of twelve monthly (July 1 to June 30) sum values. [District Rule 1303]

6. The facility must submit accurate emissions inventory data to the District, in a format approved by the District, on a yearly basis, which is to be received by the District no later than April 30 of each year.
